Issue 12

19 December 2018

PRINCIPAL'S REPORT

Welcome to the final newsletter for 2018. Many of our graduating HSC students returned to school last week for the annual HSC results BBQ. It was smiles all round as students shared their results and early university offers. Many students received offers to Western Sydney University before their HSC results were released, through the Schools Recommendation Scheme. I would highly recommend all future HSC students make themselves familiar with this process. More details are available through the Careers Adviser.

Congratulations to Matthew Kucinic, who with an ATAR of 95, will accept a \$20,000 scholarship to study at Western Sydney University. All other students who have achieved outstanding results will be acknowledged at our HSC High Achievers Assembly in February.

Presentation Night

Congratulations to all award recipients at our recent presentation night. The highlight of the night was the presentation of the Erskine Park High School Medal to Jasime Tiatia. Jasmine has just completed her HSC, and during her time at the school has made a significant contribution to the school and wider community through her musical talents, including playing at many local commemorative services, including the St Marys RSL Sub Branch Dawn Services. She has also tutored many junior students through the junior band program and represented the school in many musical performances including the Millennium Marching Band, School Spectacular and PULSE showcase.

Dates to remember - Term 4 2018

Term 4 Week 10 - Term 1 Week 4

19 Dec	Last day of school
28 Jan	Public holiday
29 Jan	Staff development day
30 Jan	Year 7, 11 and 12 return to school
8 Feb	Swimming carnival
11-15 Feb	Visiting Chinese study group
14 Feb	School photos
18 Feb	School photo catch up day
22 Feb	Vaccinations

Highlights of 2018

This year we have seen our students thrive both in the classroom and beyond. Listed below are some of these highlights:

- We welcomed back to school Dr Rhiannon White who completed her HSC at EPHS in 2008. She shared with the staff some of her research on the link between adolescent mental health and physical activity
- Our students and staff hosted 2 visiting groups of Chinese students
- Our P&C hosted a highly successful and enjoyable trivia night which will now feature as a biannual event on the community calendar
- Our annual Arts in the Park featured again on the school calendar along with many community performances by our exceptional school band, including the ANZAC dawn service. Some students were also selected to perform in the PULSE concert
- Our students had success in the Premier's Debating Challenge and Plain English Speaking Competition
- We renewed our CLUES program to ensure all students have access to quality welfare programs
- The Gifted and Talented programs were reviewed to include new challenges while we also saw the

introduction of explicit STEM programs

- We embraced and celebrated the many cultures within the school with another successful harmony and multicultural day
- In the April school holidays a group of staff and students visited China and after visiting key cultural sights such as the Great Wall, Terracotta Warriors and the World Wildlife Sanctuary for Panda Breeding spent several days in our sister school
- Our Aboriginal students continued to work with celebrated Aboriginal artist Daren Dunn and displayed their work at the Commemorative Service for Aboriginal and Torres Strait Islander at Hyde Park. Their work also now features at the entrance of our school
- With the continued financial support of our parents we now have all learning spaces in the school air conditioned
- We saw another very entertaining variety night showcase a wide variety of talent, including our staff band.
- Our School Administration Manager, Rita Coman, was recognised by the Executive Director for her outstanding contribution to public education
- Izaiah Ape-Esera was selected as a NSW Combined High Schools team member in Rugby Union. NSW Combined High Schools representation is the highest honour a student in NSW can attain
- Year 10 SALSA students launched the pilot program 'Breakfast on the Go' to promote healthy eating
- Students from our Support Unit danced in this year's School Spectacular
- We extended our partnership with St Marys Rotary Club to include all STEPs schools in the public speaking competition.

I would like to thank all families for their continued support and wish everyone a safe holiday and happy new year.

Ms Leiza Lewis
Principal

DEPUTY PRINCIPALS REPORT

Another wonderful year comes to an end. Students have been taking pride in their achievement these last two weeks at our junior and senior presentation assemblies at school, and of course our presentation

night at the Joan Sutherland Centre. Many of our students have received awards for school service, effort and outstanding achievement academic achievement in subject areas.

This year has been a wonderful year filled with achievement and growth, and I would like to take the opportunity to say thank you to everyone I have had the pleasure of working with throughout the year. The warmth and dedication of our students, staff and parents make Erskine Park High School an outstanding place to work each day. Thank you for a great year.

Year 11

Year 11 are reminded that their courses will be continuing either side of the Christmas break. Students should use their time across the break to revise and consolidate their learning.

Year 11 students should make time to meet with their mentors to discuss and organise a study plan, and use the time constructively to consolidate their understanding of course content.

Now is also a good time to review the assessment schedules and do some time management planning in preparation for Year 12 in 2019.

Lockers

Lockers will be cleaned and checked for any repairs required during the school holiday break. Students are reminded that they should already have removed their locks and cleaned out their locker. Any lockers which still contain student belongings after the close of the school year will have the locks cut off and cleaned out.

Students who hire a locker will be able to hire again during 2019. Students who did not hire a locker this year will also be able to hire one next year. This process will be explained to students early in the year. Students will most likely be allocated a different locker next year than they had been using in 2018.

BYOD

We continue to enjoy the great success of the BYOD program at Erskine Park High School. This has included the uptake of more than 90% of our student body.

Many students will likely receive a new device as part of their Christmas celebrations. Parents who are looking to make this purchase are advised to review the school website to ensure any device purchased will connect with our system and meet the Department of Education's requirements.

We will again be providing opportunity next year for students to meet with our technical staff to connect

new devices to our network. Information about these opportunities will be provided on the school website.

Uniform

Uniform has been at a very high standard with a focus in term four seeing even further improvement. Parents are reminded that our uniform shop will be open for extended hours during the Christmas break from school. Details about opening times are available on the website.

As parents are making purchases and preparing for students to return in 2018 they are also reminded of some key attributes of our uniform:

- Shoes are required to be fully black. There should not be a substantial component which is of another colour, or any colour other than black. This includes the sole of the shoe.
- Socks are to be white.
- Tracksuit pants are not a part of the uniform. Trousers, shorts and skirts may be purchased at the uniform shop and meet the requirements of the uniform policy.
- Hooded tops and tights are not to be worn at any time.

I wish all of our students, staff and their families a safe and happy holiday break. Please remember to enjoy your time together as family and friends, and look after yourselves and each other.

I am looking forward to another full and exciting year of success and taking pride in our achievements.

Mr Nathaniel Doidge
Deputy Principal

TAS 1 REPORT

Year 8 students experimenting with fabric decoration methods.

This term Year 11 Hospitality students enjoyed a tour of Sydney Tower including back and front of house. Students had a buffet lunch while experiencing amazing views.

Year 10 Food Technology decorated chocolate mud cakes ready for Christmas.

During Term 4 the school purchased six Lego Mindstorms EV3 robotics kits. These kits have been used in Year 10 Information Software Technology as part of their new and exciting Robotics unit. The kits have allowed students to explore their creativity with Lego through building and developing coding programs to solve a range of real-world programs. The students have enjoyed competing in teams to program their robots to solve a problem such as programming a robot to act as a robotic vacuum cleaner. We hope to expand coding and robotics in the future at the school through Year 7 and 8 digital technologies units and STEM days.

News from the School Farm

Year 7 have completed Meat Chicken Production. There were 9 meat chickens that the Year 7 Ag classes were weighing to find out how much weight meat chickens gain over a number of weeks. The heaviest chicken weighed nearly 3.5 Kgs. Year 9 studied Sheep Production and now have learnt about Wool Production and its characteristics. Down at the farm, they have been cleaning and tidying up the farm and finishing up with their vegetable gardens. Some students took home well grown carrots, lettuce and beetroot. Year 10 have been renovating and re-planting the garden areas around near Tas 1 and Erskine Park Café to improve and give the gardens a new look. They have been assisted by Wayne (Farm

Assistant) with the landscaping and soil improvement. Year 11 Agriculture students went to Leppington Pastoral for a tour with Fiona Perich. The students were given a very extensive tour around the dairy looking at the milking process, under the dairy to see the pipes and filtration systems, calf hospital, feed shed and dairy cow sheds.

Mr Greg Tilley
Head Teacher TAS 1

TAS 2 REPORT

HSC Design and Technology

This Semester has seen the second group of Year 12 students finish HSC Design and Technology. All of whom are wished the very best for their HSC results and futures from the TAS 2 Faculty.

In Year 12 Design and Technology, students spend the entire year developing a Major Design Project, also called MDP for short. In this MDP students aim to develop a solution to a problem that they have selected which will benefit society. The solution that students aim to resolve results in either a product, system or environment. All the steps which are involved in the development to this solution are showcased in a design portfolio, which is also presented in a submission, worth 60% of the external mark going towards their HSC results for this subject. Below are example the MDP's submitted by this year's HSC class.

L - Modular Housing System- Luke Anthony
R -MMA Glove- Lauran Wilson

Floating Kitchen Bench- Sara Grant

Preliminary Design and Technology

Year 11 Design and Technology recently finished their minor project, which show cases the skills that they have developed throughout the year. In this task students were asked to design or re-design either an electrical product, toy or playground, for chosen target market.

L - Super Mario themed children's playground- Dylan Sicat

R - Solar powered remote control car kit- Mostafa Rahimi

Students worked through the steps involved in the design process, on a smaller scale task similar to what will be expected in their MDP.

Students developed time management skills; researched a target market and existing products; developed sketches showing developments of ideas; produced engineering drawings and renderings of final concept, and a model or prototype of the solution.

L - Minecraft themed children's playground- Guru Shivan

R - HR Inspired 1/10 remote control car shell- Alex Grima

Next year's graduating group of budding designers have already begun work on their MDP's.

Some of the problems that students have chosen to

try to solve are:

- Car jack to suit lowered vehicles
- A new environment design for the Fortnite computer game
- A house that will be natural disaster resistant
- Satellite City connected to existing cities by the proposed fast train
- Downhill bike personal safety clothing

We look forward to seeing these projects develop as they work towards finding a solution to their problem.

Vocational Education and Training (VET)

Year 11 VET Metals and Engineering

Metals and Engineering is a VET subject that runs for both Year 11 and 12. By completing this subject students gain a Certificate 1 in Metals and Engineering, which could give a student credit for prior learning in Metals and Engineering trades. In Year 11 Students fabricate a drill gauge, clamp assembly and sliding clamp.

Toolbox project- Students develop skills in working with carpentry materials and tools

Sawhorse project- students learn how to interpret working drawings

Form working- preparing a site for form work

Mr Inben Pather
Head Teacher, TAS 2

ABORIGINAL EDUCATION REPORT

It has been another busy semester for Aboriginal Education at Erskine Park High this year. Aboriginal and Torres Strait Islander students are looking forward to a well-earned Christmas break.

We began Term 3 with our annual National Aboriginal Islander Day Observance Committee (NAIDOC) celebrations. The theme this year was “because of her we can!” A NAIDOC assembly was held in week 2 and was run completely by our Aboriginal and Torres Strait Islander students. Aaron Brown from Year 7, Jali Nipps from Year 8, Alexander Hundal from Year 11 and Maddison Brown-Horrie from Year 12 told us

all about the significant roles Aboriginal and Torres Strait Islander females have played at community, local, state and national levels. They told us how their mums, grandmothers and aunts have shaped them and empowered them, and how countless Aboriginal and Torres Strait Islander women have as leaders, trailblazers, politicians, activists and social change advocates, fought for justice, equal rights, rights to country, for law and justice, access to education, employment and to maintain and celebrate culture, language, music and art. Some mothers joined us for the assembly as well as afterwards at the cafe for morning tea and snacks (thanks Mr Tilley and Mrs Walker!) to chat with Mrs Lewis and some of our staff. Staff, students and community members alike have commented that this year's NAIDOC theme was an especially powerful one. Great work Aaron, Jali, Alexander and Maddison for getting the message across!

The local Pemulwuy Junior Aboriginal Education Consultative Group (AECG) continued to meet, during Terms 3 and 4 this year. Led by Vice-President Linae Williams and Assistant Vice-President Jali Nipps, our representatives sat down with other Junior AECG members - from St. Clair High, Clairgate Primary, James Erskine Primary, Banks Primary and Blackwell Primary - to discuss all kinds of issues surrounding Aboriginal Education. Linae did a great job as a mentor to some Aboriginal boys and girls, some of whom will join us next year as Year 7 students (you've got a bright future ahead of you as a primary school teacher, Linae!).

Sadly, at the end of this year we say goodbye to a few Aboriginal students who have been assets to the Erskine Park High School community. Special mention goes to Linae Williams and Maddison Brown-Horrie. Maddison Brown-Horrie finishes Year 12 this year. AIME participant and mentor, and Junior AECG member, Maddison has represented her people with

pride and passion. She leaves us to begin a career in Nursing. Maddison, we wish you all the best! Linae Williams - Junior AECG Vice-President and all-round Aboriginal and Torres Strait Islander activist and spokesperson - leaves us at the end of the year, as well. All the best, Linae!

NRL Transitions mentoring sessions continued this semester. The highlight was definitely the Taking Action Workshop in September, though. A group of our Aboriginal and Torres Strait Islander students joined other high schools from the area at Mount Druitt PCYC for a day of fun and enlightening activities. First up was a workshop on resilience. Secondly, we had former Canberra Raiders captain Alan Tongue and current Sydney Roosters halfback Maddie Studdon lead an amazing interactive mini-workshop; Voice Against Violence. After that we had MMA fighter and Dragons Wrestling Coach, James TeHuna talk to us about mental and physical resilience and his amazing mindset that helped him get through a tough childhood and a gruelling career. James taught us some mental techniques and shared lessons from his life - and he also showed us some of his mixed martial arts moves. Finally, we heard from a couple of guys from Headspace on mental health. The day was incredibly jam-packed and incredibly informative and enlightening. The guys at NRL Transitions did an amazing job, and our students got a lot out of it.

AIME continued this term, as usual. We have a new AIME mentor/representative - Tre. Tre has been leading Yarn Circles with our students and working with us at our regular AIME excursions. He's been a great influence, facilitator and role model for our Aboriginal students and we're looking very much forward to working with him next year as well. Our final AIME excursion on Friday the 7th of December was a huge one. We had Aboriginal students along with some of their non-Aboriginal friends attend at the Aboriginal Centre for Excellence in Whalan. Fun activities, art, games, team building, confidence

building, along with a giant feed - what a great way to wrap up the year. Special mention this semester goes to Roshaun Hundal in Year 9. Roshaun has stepped up as an AIME excursion mentor - and he's done a fantastic job! He has shown some impressive leadership skills and has done his people proud.

Looking forward towards next year, we've got a lot on the horizon. We'll welcome a new cohort of Year 7 Aboriginal and Torres Strait Islander students. Last week we met some of them at a Year 7 transitions day held here at Erskine Park High. They were extremely excited to hear about AIME, Yarn Circles, NRL Transitions, Art workshops etc. This year we have a record number of Aboriginal students who have applied for the KARI scholarship for next year. This scholarship awards Aboriginal and Torres Strait Islander Year 10 and 11 students \$500 annually to put towards their education. Our applications have been very impressive and I've heard from KARI that we can be extremely hopeful and that we will hear back soon. Next year we will also be a part of The Aspiration Initiative (TAI). This is another scholarship that will be available for successful applicants in Year 7. TAI will follow these students all the way through school and into University, providing tutoring, mentoring and assistance along the way. We are extremely excited to be taking part in this academic enrichment program.

There we have it - another exciting, enlightening and enriching year. Erskine Park High Aboriginal and Torres Strait Islander students, your Christmas break is well-deserved!

Happy holidays.

Mark Giaquinto
Aboriginal and Torres Strait Islander Coordinator

HSIE REPORT

Term 4 has seen the HSIE faculty busy as it gets to the end of the school year. At the time of writing, the 2018 HSC results have been distributed and all HSIE teachers of HSC classes were very pleased and proud of the students. What I personally found pleasing was that many students scored marks that were equal or better than their Trial HSC. This means that the hard work that students did after graduating brought improvement. It is hoped that next year's HSC cohort adopts a similar approach to their final exams. It does work and it can be a good way of learning how to cope with future study endeavours at places like Western Sydney University.

Year 11 students are now 2019 HSC students and they have completed their first term of their HSC year.

It comes as a shock to many of them that they have now completed 25% of their final year of high school. I hope this new crop of HSC students get stuck into some study over the summer holidays. I hope they get lots of rest and come back prepared for their last three terms of schooling at Erskine Park High.

As outlined in the last newsletter, Keira Eadon, Nicole Spencer, and Riley Jarnet were this recipients of the 2018 Colin Shepherd Memorial Scholarships. These scholarships can be used by the students for any educational expense they incur next year. I spoke to members of the St. Marys RSL Sub Branch and they hope to have the funds to run the scholarships in 2019. All current Year 9 students that study history next year are eligible to apply for the 2019 Colin Shepherd Scholarship. Students should have some idea of the 2019 topics for scholarships by the second term of next year.

Year 7 and 8 students have studied the topic "Place & Liveability" for Geography this semester. Students looked at the challenges that face cities and looked at the poverty that exists in places like slums throughout the world. Students submitted impressive assignments on "Place & Liveability" and demonstrated a good level of understanding of how disadvantaged some people are in the world and how we have it good here in Australia.

At the time of printing, Ms Lewis, Mr Ron Blakely from the St Marys RSL Sub Branch, and myself are coming to a decision on which EPHS students will go forward in the Premiers ANZAC Memorial Scholarship process. Five students submitted works and were interviewed. All students performed admirably in the interviews held here at school. Joel Short, Emma Shennan, Natalie Lau, Amie Harry and Keira Eadon should all be proud of their efforts they have made. It has been a very difficult decision to make which students are to go forward to the next interview stage.

On behalf of all the HSIE faculty, I would like to wish all students and their families a Happy Christmas and the very best for 2019.

Mr Grant Kelly
Head Teacher HSIE

LOTE REPORT

Congratulations to our Year 7 students who have completed Chinese successfully and a special congratulations to the following students who have made a great effort and achieved outstanding results in all areas of Chinese studies. Esha Sharma, Harshitha Anar, Bailey Anderson, Alexander Camua, Joey Chen, Amber Ebirim, Maddisison MCellhinney,

Kirk Murillo, Yogashree Narayan, Ryan Spark, Fiona Jasim and Melissa Saiti. In addition, some photos below of our Year 7 students learning Mandarin Chinese, using laptops for their research task and showing their answers through cards for playing language games.

Nan Tien Temple as “Southern Paradise” is the largest Buddhist temple in the Southern Hemisphere. The temple has adopted the Chinese palace building style and occupies an area of 26 acres. On 29th August 2018 a group of 96 Year 7 students had a day trip to Nan Tien Temple located in Wollongong. Many of the students learned and enjoyed their experience of our Nan Tien Temple trip. Below are some students experience of their day.

Summer Mayers - “My favourite activity was the meditation because the Buddha’s voice was so relaxing and calming. We learnt all the background stories about all the statues and all the things on the walls. We enjoyed Tai chi and showed our gratification through ringing a big bell.”

Aafrin Ali - “My most favourite place was the Meditation Hall with the Buddha and the tour guides were very nice to us. I enjoyed doing Tai chi, meditation and rang the big bell in the temple. I also hope to visit the Nan Tien Temple again to learn more and hear more stories about the temple.”

Ms Mona Hu
LOTE

eYEAR 11 REPORT

Welcome to Term 4. Congratulations to all Year 11 students who have successfully completed their Preliminary year. What an achievement for three terms of hard work and dedication. Students have now started their HSC course and embark on their Year 12 journey together. This course will continue over the Christmas break and all students are reminded to take the time to revise and consolidate their learning as well enjoying some well-deserved down time with family and friends. A massive congratulations to all students.

Mentoring

The mentoring program has successfully run at Erskine Park High School for a number of years. The aim of this program is for students to have a trusted teacher as a point of contact during stressful times in their HSC year. At the start of this term all students elected a mentor teacher. Students are encouraged to sit down and plan a study timetable with their mentor teachers as well as refer to their HSC assessment booklet which will help them prepare for all upcoming assessments.

Teacher’s awards

Teacher’s awards earn you bronze, silver, gold and diamond awards. These awards demonstrate your application and commitment to learning and school life. The senior recognition assembly is on December 17th. Collate any outstanding paper Teachers’ Awards and bring them to Miss Mills in the English Staffroom.

Liverpool Hospital P.A.R.T.Y. Program

On October 25th Mrs Romero and Mrs Bale took a group of Year 11 students to Liverpool Hospital to take part in the P.A.R.T.Y. Program. It is a dynamic, interactive injury prevention and health promotion Program designed for senior high school students. It stands for Prevent Alcohol and Risk-Related Trauma in Youth. The P.A.R.T.Y. program aims to show you the possible consequences that can and do happen to people who make risky choices. We would like to help

you to recognise risks and make informed choices about your activities and behaviour in the future. Congratulations to the students who attended, they displayed exceptional behaviour and school pride throughout the day. Here are some photos of the day.

A sad goodbye

As 2018 draws to a close, so has my time at Erskine Park High School. I have taken up an opportunity at Kingswood High School for next year. Although a hard decision to make, I know that as the students continue on in to Year 12, they will do so with as much passion and enthusiasm as I have seen from them over the past 5 years. I have worked very closely with each and every student in some capacity throughout my time at Erskine Park High School and have enjoyed watching them grow from timid Year 7 students into the young adults they are today. As sad as it is to part ways, I am very proud of their achievements to date and look forward to hearing all about their HSC year from their new Year Adviser, Miss Mills, who will continue to support the students for the remainder of their time at school. I would like to thank all students for the great memories we have shared and remind them all how proud I am.

Achievement at a glance

L - Rodney Carlin after his dance performance on assembly

R - Brandon Shennan received a credit for his results in the Australian Mathematics competition

Christmas Break

The staff working at Erskine Park high School wish all Year 11 students and their families a Merry Christmas and a Happy New Year.

Upcoming Dates for Your Diary

19th December	Last day for students
30th January	Year 12 students return to school
8th February	Swimming carnival
14th February	School photos
15th March	Cross country carnival
9th April	Year 12 Parent/teacher night

Mrs Sarah Bale and Miss Nikeisha Mills
Year Adviser and Assistant Year Adviser

YEAR 12 REPORT

Congratulations to our graduating class of 2018. The afternoon was a great success. Many thanks goes out to all the staff and captains for the preparation and organisation, which contributed to an outstanding graduation assembly. The musical acts, speeches, tribute videos and presentations were all brilliant and I wish to thank the year group for Mr Bisoglio's and my wonderful gifts.

The HSC exams started on Thursday 18th October and concluded on the 9th of November. I would like to thank the entire year group for their conduct was exemplary.

A memorable and successful Year 12 formal was held on the 15th of November at Twin Creeks Golf and Country club. Many laughs, dancing, hugs and tears were exchanged by students. The memories will be cherished for many years to come.

It is with great pride that I write my last year report for the graduating class of 2018. It has been six wonderful years that I have looked after the wellbeing of the year group. I would like to thank the three great year assistants I have had over that time, Mr Parkhill, Mrs Doyle and Mr Bisoglio, whose support has been immeasurable.

To the graduating class of 2018 I wish you the very best in your future endeavours.

Mrs Macinante and Mr Bisoglio
Year 12 Year Adviser and Assistant Year Adviser
